SCREW, EXTERNALLY RELIEVED BODY (SYNCHRO)

AS17184 SHEET 1 OF 2

NOTICE

This document has been taken directly from U.S. Military Standard, MS17184, and contains only minor editorial and format changes required to bring it into conformance with the publishing requirements of SAE technical standards.

The original Military Standard, MS17184, was adopted as an SAE standard under the provisions of the SAE Technical Standards Board (TSB) Rules and Regulations (TSB 001) pertaining to accelerated adoption of government specifications and standards. TSB rules provide for (a) the publication of portions of unrevised government specifications and standards without consensus voting at the SAE SAEMORIM. COM. Circk to view the full political companies of the contract of t Committee level, (b) the use of the existing government specification or standard format, and (c) the exclusion of any qualified product list (QPL) sections.

PREPARED BY SAE COMMITTEE E-25, GENERAL STANDARDS FOR AEROSPACE PROPULSION SYSTEMS **AEROSPACE STANDARD**
